

Today, We get to look back on an amazing summer of progress and fulfilling moments, while we look forward to exciting new beginnings for our family and church-plant. We are also sending you some videos so you can see and hear more about our progress here.

Dear friends!

What a summer of 2018 it has been! Were you praying for us? Because we have a hunch you were.

This week our hearts are full as we celebrate exciting new beginnings for our family and church-plant.

This morning, Abigail had a huge new beginning, going to school for the first time! Sarah Ruth started school at the same time this morning, beginning first grade in a new building at her school!

Last Friday, to finish off the summer season with fireworks, we held the dedication service of our ministry center in Los Barrios. We are truly living in days of awe!

Sunday Services at Agua Viva: With great joy we began holding Sunday Morning services in our new meeting space at the beginning of June, once we had purchased some chairs and made some small improvements to the facility. Our services begin with a call to worship and Scripture reading, followed by our praise time, which is sometimes bilingual, as some Sundays we have more English speakers than Spanish speakers.

Other Sundays the music and Bible teaching are all in Spanish. After the music time we let the children go to Sunday School, as we have a Sunday school classroom in our commercial space. We have been pleasantly surprised by the visits we have had here and there, even when we are fewer than 10 people. Two different Spanish women from Los Barrios, have expressed how happy they are to be receiving bi-weekly Bible teaching, on Sundays and Thursdays. So we are very pleased with how this first summer of holding Sunday services in a new meeting place has gone.

What we are still praying to see here is un-evangelized local people coming in contact with the Gospel and trusting Christ. Your prayers and support in this matter do matter very much. Please pray for the Lord to work on the hearts of the people who need to come to saving knowledge of Him.

Would you like to help us maintain this ministry space?

Pictured in grey are the counselors from Mission Valley Christian Fellowship. Our TBM co-workers, Salud & Elisabeth Benoit also were volunteers during the week. So grateful for our summer servants from San Diego, California & Seville, Spain!

Summer Work Projects at the Agua Viva Church-plant and ministry center.

We spent much of June, and this summer for that matter, preparing and improving the space for ministry. Our intern for the month of July, John Michael Coleman from Trinity Church in Redlands, CA helped us prepare and paint the walls of our commercial space, which in turn helped the following helpers from Mission Valley make months of progress through their work in preparing our commercial space to be a beautiful little ministry center. Here is the MVCF Team hard at work in mid-August.

ENGLISH ACTION CAMP 2018!

It's a little hard to summarize a week this meaningful to us. It was a full week of purposeful and intense outreach to Spanish and North African young people. The theme phrase of the week was: JESUS RESCUES. I pray these kids remember those 2 words.

It was a very special week letting our lives be living testimonies to these students. We are so grateful for the hard work and dedication put in to each hour of each day by our Mission Valley Christian Fellowship counselors and Los Naranjos staff.

DEDICATION OF OUR CHURCH PLANT!

Ministry leaders from the Provinces of Cadiz and Sevilla gathered to dedicate our church-plant in Los Barrios to the Lord on the evening of September the 7th. It was a special time of reflecting on promises and exhortations in Scripture and of prayer for the five neighborhoods of Los Barrios. This dedication was a time of symbolically taking what we have been working on up to this point and publicly placing it in the hands of Almighty God.

Here our Summer English Club facilitator, Rona Lee, gets a warm farewell party from her students in Los Barrios.

This has been a wonderful season for building relationships with our neighbors and getting them involved in our ministry center.
