

November Prayer Letter

Dear Family and Friends,

“And I thank Christ Jesus our Lord who has enabled me, because He counted me faithful, putting me into the ministry.” 1 Timothy 1:12

God, who knows everything about me, allows me to be in His service. Every day, I am thankful and humbled for this privilege of telling other people about our God.

I am also thankful for you and your faithfulness to God. I am so glad that we can be in this together.

Our outreach is this Saturday, November 30. We ask you to pray for this first big event we do in Fraga.

We will start the morning by launching a volunteer activity. Some months ago, Maddy had the idea of cleaning parks and places around the town. We presented this idea to the town and they loved it. They have suggested adding other services in which we are also interested in participating. I have had a couple meetings with the City Hall and they have promoted the idea through

social media and the local news. Students and people that we meet regularly have said that they have seen me and that they would like to participate.

A group of seminary students from IBSTE is coming to help us and we hope that this will serve for them to see firsthand the need of starting more churches, as an encouragement to do it, and get ideas for their future ministries.

Afterward, we will distribute invitations to a Bible study, flyers to a small workshop, and also gospel cards to start conversations. We hope that many will come to the workshop that evening and also to the future Bible study.

Prayer Point

- Please help us by praying that while we work in the morning the Lord would open doors to talk about Him and invite people to Bible studies and also to the workshop. I especially ask you to pray for

boldness for me so my desire to be cautious and gentle doesn't keep me from sharing the gospel with people.

I look forward to telling you all the things that God will do through us in this city.
Thank you so very much for being a part of our team!

Happy Thanksgiving!

Victor and Maddy
