

Dear Friends & Family,

Hi! We have a specific prayer request for all of you prayer warriors. We would like to ask you to pray for our Good News Ad that we will have airing locally starting this week. In order to make a difference in our region during this time of social distancing, we are starting this evangelism campaign with a special edited version of the video below. In it, JD shares hope in God's promises found in the familiar passages known to many as *The Romans Road*.

On an ancient Roman road and archaeological site in our region, JD filmed a segment about how learning God's promises in the Book of Romans left an indelible mark on his life. This is the long version of the Good News Ad we are beginning this week.

JD's Bible teaching website, *Sermones desde Sefarad* (Sermons from Sefarad), has reached 15,000 unique users over the last 18 months. It is really encouraging to know that the passages and series that JD prepares and that we study as a church-plant have a greater reach, especially when much of the Spanish-speaking world has limited movement.

This week we are remembering with heavy hearts our friends who are suffering terribly in Lebanon. Please remember the believers who are devastated and who are extremely vulnerable this week.

"The righteous flourish like the palm tree
and grow like a cedar in Lebanon." -Psalm 92:12

Nothing like the 4th of July in Spain.
Although our girls have lived their whole lives in Spain, we are happy that they love
the red, white & blue.

Other Prayer Requests:

Abby's Digestive problems: Abby recently got a long awaited doctor's appointment with a digestive specialist. She was going to see a pediatrician for her stomach pain in mid-March, but the appointment was cancelled do to Spain's quarantine orders. This last week she finally got to see the specialist who ordered some tests. We hope that soon she can be properly diagnosed. We are amazed at how good she is following orders and cooperating.

Sara's Aunt Anne & Aunt Maggie:

Please pray for the recovery of Sara's Aunt Anne, who suffered a cardiac aneurysm that required open heart surgery.

Sara's Aunt Maggie in Guadalajara, Mexico is very ill but has not been able to receive adequate medical attention as the focus of the hospitals right now is on managing the pandemic. Please pray for Tia Maggie's suffering and healing.

Please pray for Sara's sister, **Dr. Rita Gonzalez**, as she oversees the operations of Hospital El Buen Pastor, in San Quintin, Mexico, during this pandemic, that God would watch over her and protect her whole household from illness.

Good News Campaign Please pray for our online campaign to share the Good News specifically with the inhabitants of our whole town and surrounding towns.
