# ONE HEART AT A TIME

Mitch's Newsletter

## What's Happening Now

I am helping a church plant in North Ogden (North Valley Bible Church) with youth. There are about 6 kids that go there. I am currently planning an outing for them with one of the youth leaders. When I am home I invite my neighbor over to hang out. He is Mormon and his dad died. He is 15. His name is Dillion and God is doing a work in his life. I also play pickle ball with a lot of Mormons. I am meeting with the pastor of North Valley once a week to pray, learn, discuss scripture, and encourage him. I also am scheming with "The Team" about doctrinal issues, church planting, philosophy of ministry and who is making dinner.

My first brown trout

My favorite fishing pond

## What's Old

Well, I have officially moved to Brigham City, Utah. It took about a month to find a house. The church planting team has also started training, being involved in their churches, and we all have part time jobs. I work at a pretty big grocery store named Smiths. I also meet with "The Team" (Connor and Jordan) once a week with Jaramie fellows. I went to a big thing called "Peach Days." It was very interesting to see all the young families. I would say 80% or more of the people there were under 35.

My hike up a mountain near Brigham

## What's New

The sky is the limit! I am constantly thinking of new ways to explore church planting, reach out into the community or have people over. One of the outreaches I'm planning on is snow boarding and ice fishing. I plan on visiting my three neighbors as much as I can. We have two widows and a troubled family. God has blessed me to talk to them and build a relationship. "The Team" is finding fun ways to encourage our host church planting pastors and find hobbies to reach our Mormon friends. Work can be difficult since I am working in a dairy department that should have 5 people but only has 2 newly trained people. God has given me opportunities to smile and encourage the elderly there. I plan on going to a Harvest party at Church. Hopefully people looking for truth come there as Ogden is just as spirituality dark as Brigham.

A Little About Jordan

Jordan works at a lamination factory and loves to minister to youth. He has been a huge help in keeping the house clean for guests.

Brigham City Peach Days.

A Little About Connor

Connor is our techy. He just recently got a part time job at a restaurant. He loves to study scripture and helps Jordan and I stay theologically straight.

# What God's Been Teaching Me

God has been teaching me so much! He has taught me to stay faithful even in times of pain. There are a lot of atheists, Mormons, and homosexuals. It hurts my heart to hear how many of my friends are suicidal, depressed, without hope, and hateful toward God. God has been teaching me to remember His grace and not to only remember it, but live it as I work with "The Team" and my unbelieving friends.

The Team and Dillon's family carving pumpkins

Dillon: He is 15 and loves to come over. His father died shortly after his parents got a divorce. He goes to the Mormon church down the road. Please pray for him.

## Prayer

- For my unsaved friends: Dillon, Austin, Kara, and the two widows across the street.
- One of the kids in my youth group lost his dad last year. His name is Michael.
- That I would continually stay in the Word.
- That my identity would be in Christ and not in being married or family.
- For "The Team" to be used of God in the different church plants.
- For financial support as I raise support for Church planting.

# HOW TO SUPPORT FINANCIALLY?

## Why Financial Support?

Honestly, it took me a while and a couple of friends' encouragement to write this page. I have a hard time asking for support because I don't like asking for money. I was encouraged by friends that asking people to give is giving them an opportunity to be a part of the ministry God has called me too. I need financial support because living in Utah is expensive. I would also use some of the money to take teens out to eat and disciple them. I would also go to community events like basketball games, workout gyms, and such. The best support you can give me, however, is prayer.

## TO SUPPORT ONLINE

Go to [this link](#)\* then click on the green "Support the Weber Apprenticeship Project" button.

Our first guests

## How much?

My goal is to reach at least \$700 a month. Right now I am sitting at \$370 a month.

## TO SUPPORT VIA CHECK

Address the checks to Tentmakers Bible Mission. Do not address checks to me because if you do you will not get a tax deduction. Under the memo section write the Weber Apprenticeship Project. You can put my name on a sticky note but please do not write it on the check. Also please do not send cash because that
