Thank You
For your faithfulness with us in our ministry!

ANAM in Arizona

Helen and I, plus some others from the home office will be going to the Phoenix area in April for the annual ANAM conference. This is a time when we reconnect with believers around the region, and have a time of wonderful teaching.

The purpose of ANAM is to be a large umbrella for many smaller missions to operate with excellence, maximizing their God-given ministry effectiveness in reaching the lost and making disciples.

It will be nice that we will be in warmer weather there in Arizona!

Before we go to ANAM, Helen and I will fly to Tucson to visit our daughter and her family in the area. Never miss a chance to visit family!

Please **pray** for safety in travels.

Spring Break 2022

Tentmakers sent six Frontier students to Las Vegas to be with our TBM missionaries at East Valley Bible Church for ten days, including travel. One is the son of a former pastor from La Grange Bible Church. Some in the group preached and some taught. They visited the Pregnancy Center. The group learned about the great spiritual needs in this unique city.

On Furlough

Three of our TBM missionaries are currently on furlough, one from Kenya and a couple from Uganda.

LeAnn Harris is doing some final deputation as she prepares to go back to Kenya. **Pray** for provision and open doors, especially with Covid rules.

The other two are Steve and Deb Roderick. They just entered the US and will be returning the first part of May. **Pray** for travel safety as they minister here in the States.

What you can do for future generations

Over the years it has been good to read hundreds of newsletters from brothers and sisters in Christ from all over the world. It is especially interesting when they share unexpected personal memories. I want to share a couple of pictures, one which my mom sent to me recently. I have never seen the picture with my great grandparents until she sent it (see picture below). It is my great Grandma and Grandpa Adams with the five oldest of their great grandchildren. She is holding me, my sister is below, and the other three children are my older cousins.

From one of the stories which one of my cousins told me that he had told her, I suspect that great-Grandpa Adams was a believer.

I am confident that my other great-grandfather Brantley was saved. He wrote his own obituary and stated as much. I also have his Bible. It is still in the wooden case he carried (pictured above). The book itself is very worn and tattered, falling apart. I like to imagine that he used his Bible frequently, and that he might have led people to the Lord Jesus. It is an unproveable theory, but it is possible. Unfortunately, he did not write in his Bible as I do in mine. I would have liked to read what the Lord had been teaching him.

I guess that my point in all of this is that it is important to leave a trail of information about your spiritual condition for future generations. It could be important for them to know that you were a believer in Jesus Christ. Perhaps you could write out your testimony and give it to all of your children and grandchildren. Maybe you could lead your great-great grandchild to Christ! You never know.

Thank you again for your love toward us and our ministry.

**Love,
Terry and Helen**
