

AS VEGAS

NEVAD

Thank you for praying and praising God with us!

As you read this letter, please pray for Vegas and East Valley Bible Church.

Our church family is gearing up for Easter. We are going to be doing a Friday meal to celebrate and a Sunday morning extravaganza to invite everyone in the plaza as well as personal connections.

Please pray for the message of Jesus to connect and transform the unchurched people we will be inviting.

I have been weighed down with the responsibilities and hope for progress as a church. There are a lot of things being prepared, but many have not started. A lot of the holdup has been because we have needed people to step up. In the last month, we are seeing more ownership taken in areas with kids, A/V, Sunday mornings and just being proactive in caring for each other.

Praise God for an amazing gift we received from a supporting church! They generously gave us funds to be able to upgrade a lot of our sound system. We are praying for an effective way to limit distractions on Sunday morning and use it to reach people on social media and the internet who are looking for God.

We are fine tuning our groups that we started in February. I still believe we need to connect and grow outside of Sunday morning, but for now we are going to start two strategically located groups. Please pray for our people to see the quality of being with other believers.

We had an amazing time with 6 students from Frontier School of the Bible. The vision of ministry in the city was given and caught. We are praying they will take what they experienced and apply it where they go after they graduate from college.
