AUGUST 2023

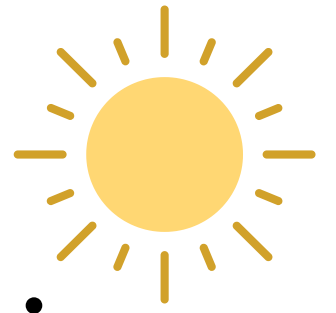

...we are just passing through

My time in the US has ended. I had many opportunities to share about what the Lord is doing in Kenya and my personal life. There have been challenges that have grown my faith, and times of great joy. I have been blessed to see many people but I'm also looking forward to getting back to life in Kenya and following what the Lord has for me.

I have been thinking a lot about "home" and what it means to me. We know as believers in Jesus this world is not our home, we are only passing through.

Even so, we all have a place we call home on this earth. Growing up I called Nebraska home, then I moved to Colorado and I called that home. My time

in Wyoming was certainly home for a few years....and now Kenya Africa is my home. But soon my home is going to change again. As I think about moving to Uganda to continue serving the Lord there and getting married...the idea of "we are only passing through" has never been more real for me. As my relationship with Jesus grows and changes, He is always faithful to lead and to guide me where He wants me to go. I have had the privilege to live in so many wonderful places on this journey with Him. So as my "home" changes yet again, I pray to not lose sight of where my true "home" is.

moving forward....

The next few months are going to fly by. I will begin teaching again at Crossroads Community Church. Im looking forward to seeing the women and seeing how they have been doing since I have been gone.

I will also start packing and getting ready for my move to Uganda. I have moved a lot in my life but this will be unlike any move I have ever made before. Im looking forward to learning a new country, culture and hopeful a new language. I will of course still be living in Africa, but Kenya and Uganda are very different and I look forward to learning a new country. Please pray for my transition into this new journey the Lord has for me.
