

New Year, New Life!

On January 12th, 2024, I became Amber Rivadeneyra. I am thrilled for the future, and excited to see how the Lord will use this new team with Lenin!

There are some new things that we are beginning to do starting in February. We will be hosting a VBS from February 19th to 23rd. Please pray that we would have adequate workers for helping with teaching and games. I'll be posting more pictures of that as it happens.

Lenin is still teaching theology on Wednesday nights and will be starting to teach the Book of Acts to the youth group on Saturdays. Pray for us as we take the Youth group in some new and exciting directions. We would like to make a much

larger focus on missions and how God would want to use ALL of us in going out and making disciples all over the world! We'll be talking about ancient and modern missionaries, countries where the Gospel is not prevalent, and current persecuted Christians who we can hold up in prayer.

We ask that you would pray for us, and I would love to receive a call from any of you. I don't have a USA phone anymore, but you can call me on Messenger with my handle Amber Waves of Grain, or on WhatsApp at the number (Peruvian) +51 982 310 919

Let us know how we can be a blessing for you!

Love,
Lenin & Amber Rivadeneyra
