

April 14<sup>th</sup>, 2024.

Dear Family and Friends,

We just got back from a trip through LaGrange, WY and Denver, CO. Every day and every event was precious for us. We had the opportunity to share with the AWANA kids in LaGrange as well as teach a couple of classes at Frontier School of the Bible. We also saw a lot of family while there. Then we went on down to Denver where we were able to see some more family. The 8<sup>th</sup> we spent quite a while watching the partial eclipse, 65%. That really was a pleasant distraction from the stress of Angela's naturalization interview, which was the next day. As we were preparing for the interview, Angela was constantly reminded of God's presence. Several people sent her Bible verses in the morning. During the interview she would remember the verses and remember that God was with her. After the interview, the officer called me in and she was sworn in as an official U.S. citizen. What a big answer to pray. Angela says that she couldn't understand anything the officer said and so all the glory goes to God. And really, that's the way we want it.

Today we shared at Hope Fellowship in Worland. It was a great time and everyone was coming up and giving Angela hugs and celebrating her citizenship with her. We have some more meetings coming up so please be praying for us as we make our way around. If you would like to see us, or would like us to visit your church, please let us know. We want to see as many of you as possible.

Even though we are still celebrating Angela's citizenship, we realize that our real citizenship is not of this world. It is a heavenly citizenship and we look for and wait for a heavenly homeland just as Abraham did. "For he looked for a city which hath foundations, whose builder and maker is God... and confessed that [he was] a stranger and pilgrim on the earth." - Hebrews 11:10, 13

Finish Strong,  
Jeff and Angela Anderson
