

It's time to build a support team!

Summer so far has been very busy! We spent a couple weeks in May in Nebraska/Wyoming. Marcos graduated with his bachelor's degree. We got to present at a couple different churches: Geneva EFC in Nebraska and Calvary Memorial Church in Scottsbluff, Nebraska.

At home, ministry continues. Marcos is still helping with simultaneous interpreting for Sunday sermons. We are helping with Spanish Sunday school/Wednesday night Bible study. In June we also helped with Neighborhood Bible Clubs (like VBS just hosted at different members' homes). We love the ministries we are able to be a part of and are so excited for the ministries to come!

Judah wanted to be the main speaker at Geneva EFC.

Presenting at a Sunday school class at Calvary Memorial.

Celebrating Marcos' hard work to graduate with his Bachelors!

It was a blessing to visit AMOOK (Advancing Missions On Our Knees), a prayer group hosted by Frontier teacher and his wife Mr. and Mrs. Meyesenburg. We attended this prayer meeting when we were Frontier students. Such a blessing to lift up missionaries in prayer!

Trying to participate in the Neighborhood Bible Clubs like the big kids!

Coming up:

We are a part of the missions committee at PBC and together we are planning a Missions Focused Weekend at the end of September. We are so excited to focus on what God is doing all around the world! Please be praying for us as we prepare schedules and organize all of the events that will be happening throughout the weekend. Pray that God would be glorified and our hearts would be challenged to share the Gospel, here and around the world!

We have been keeping a secret!

Baby #2 is on the way! Little BROTHER will be joining us this December! We are so excited to meet him, and we are so thankful for the two boys God has given us.

Our goal is still to leave in spring of 2025, but we need your help!

Please be praying for us as we build a support team. Some specific prayer requests:

- That God would prepare us to become full-time missionaries/wisdom on parenting in a different environment
- For us to be good missionaries where God has us now. Specifically, to our neighbors (three Peruvian women and a young girl!)
- That we would be able to balance Marcos' work schedule, raising support and pregnancy
- That we would trust God to provide for all of our needs, spiritual, emotional and financial

For more information about us and the ministry God has given us, click the link below

Pictures just for fun!

Ready to be a ring-bearer!

Peru vs. Chile! They tied. Better than a loss I guess...

He'll make a good jungle boy.

Judah meeting his newest cousin, Paul!

Judah has a unique sense of style
