

ALENCARS NEWS LETTER

Dear Faithful Supporter,

FALL 2024

“Fixing our eyes on Jesus, the pioneer and perfecter of faith. For the joy set before him he endured the cross, scorning its shame, and sat down at the right hand of the throne of God” (Hebrews 12:2).

Jesus kept persevering, never giving up, and never giving out, even though His calling was to suffer for the sins of all people. But He kept focusing on the joy before Him: US!

As we mentioned in our last prayer letter, every year during the rainy season our church has to deal with flooding, which has brought a lot of damage and inconvenience. People in that area also have their homes affected during those heavy rains.

We are making plans to prevent the water coming again into the auditorium. A friend who is an architect has presented a project to help solve this problem. The cost will be \$10.000,00 Please pray we can be able to conclude this project before the rainy season this coming year.

HOUSE OF HOPE - Last year, Daniel, a young man from the state of Oregon, spent three months in Brazil on a mission trip. He heard of the Rehabilitation Home and was eager to go there to share. He came to the House of Hope and shared how his mother surrendered her life to Jesus and overcame drug addiction that had been destroying her life!

The reason this story is so relevant in Daniel's life, is that his mother's pregnancy in her adolescence, was used by God as her first step towards her urgent need to stop using drugs. As a result of the choice she made twenty-five years ago, Daniel was born and today he is a man of God.

Last month, Daniel came back to Brazil and this time with his mother. They visited the Rehabilitation Home; his mother opened her heart telling of her struggles and victory firsthand. It was very impacting!

All the women were blessed with this powerful testimony of God's amazing grace and transforming power to bring new life and freedom from drug addictions. Please, pray that the Holy Spirit will work in these lives bringing them to salvation.

Thank you for your part in helping us take the gospel message which is the power of God to salvation for all who believe. How grateful we are for each of you who pray and contribute for our ministry.

In His Service,

Paul and Janis Alencar.
