A LITTLE BIT OF CONTEXT

Hello friends and family! People keep asking me "what's happening next!?" hence the name "What's Hueppening"

Bible School

From August of 2022 to May of 2025 I had been attending Frontier School of the Bible. Where I've been learning more and more about God and being equipped for His ministry!

I learned a ton of amazing truths about God when I attended Bible School but one of the main things God keeps teaching me is that He is faithful. He does not change. He provides and is gracious to us. There were many times when I didn't know how something was going to work out and times I didn't trust God to work things out. Yet every single time even when my faith falls short and I doubt Him, He has come through and been with me every step of the way. He is a good and gracious King.

While going to school at FSB I got involved in ministry and went on several mission trips where I got the opportunity to travel to AZ, UT, and Trinidad and Tobago, To do ministry in multiple contexts and cultures. During this time is when I started praying about going to Utah as a missionary.

Graduation

I graduated in the Spring of 2025 and got accepted as a TBM Missionary! I am now moving to Utah to help out with a church plant and learn from other missionaries on the field. I hope to be there for the next two years and continue to do ministry after that wherever God calls me next whether that be to stay in Utah, move to another state or go overseas. The first year of this endeavor will also be for my bachelor's degree from FSB!

The Next Step

The Church I'm interning at is called Aspen Grove Bible Church, they are located in Spanish Fork Utah. A ways south of Salt Lake City but not at the bottom of Utah. I will be "Tentmaking" for the Internship, so I will be working part time and also raising support. This way there will be more time for ministry and more connection in the community. At the Church, I'll get to help out with: Ladies ministries, Worship Music, Youth group, Event Planning, College outreach, and really anything they need me for!

Why Go?

When I first heard about the need in Utah I was shook. In Utah, there are many cities without a single Gospel-preaching church. Around 140,000 Utahns live in these areas. Spanish Fork has a population of about 45,000 people. And 93% of the population of Spanish Fork claims to be part of the LDS(Mormon) church. Less than 1% of the population of Spanish Fork claims to be of an evangelical faith. There are only 2 Gospel preaching churches in the city and 4 different communities in close proximity to Spanish Fork which do not have a church at all. (About 22,000 in population in those communities.) Spanish Fork is also home to a large Krishna temple, which was built to meet the demands of the growing Hindu population in Utah county. Spanish Fork is also growing at a huge rate! The city saw a 30% increase from 2010-now.

HOW TO BE INVOLVED

I'm looking for prayer partners! People who are committed to praying for the ministry in Utah. It will be difficult and there will be many struggles so having a core group of people who are committed to praying for me and the Team there will be a huge blessing.

I'm also looking for monthly supporters! I will be going with Tentmakers Bible Mission. I will be working part-time and hopefully be supported the other half. Living in Utah is extremely expensive. Housing by itself will be around \$1,500 a month.

Please contact me if you have any questions Or would like to get involved!
